Owned by siblings John and Ralph DeVivo, who have worked in the restaurant industry since they were teenagers, DeVivo Bros. Eatery offers "rustic comfort food" consisting of delicious, bold flavors and slightly larger portions.

"All our food, including desserts, is made from

scratch to your satisfaction," Ralph says. "Despite the complexities involved with a 'scratch kitchen,' our guests, like family, deserve the best, and that's what we offer daily."

"Coming from an Italian home and heritage, it's our motto that when you cook for someone you're giving them a gift," John adds. "A gift that you took the time to grow/find, prepare and present just perfectly. This is reflected in the food and warm, memorable service at our eatery every day."

DeVivo Bros. Eatery serves breakfast, lunch and dinner, including such delectable dishes as Italian benedict, blueberry pan-

cakes, stuffed artichokes, eggplant parmesan, glazed pork tenderloin, fettuccine Alfredo, tomato basil fish, flatiron steak and, of course, spaghetti and meatballs, which are rolled fresh every day by hand.

One highlight of the

menu is the fish tacos, which Fort Worth Weekly called "a delight...fresh poached white fish (not catfish or tilapia) served on tasty, thick, soft corn tortillas with crunchy green cabbage and a little cilantro."

Along with fine food prepared fresh daily, DeVivo Bros. Eatery has a friendly and inviting dining atmosphere. The decor is rustic, but elegant: raw wood, white table cloths and sparkling wine glasses.

"Whether you want a

full plate of prepared-from-scratch food or just a fresh cup of coffee, we look forward to serving you very soon," Ralph says.

*John and Ralph also own the Hook and Ladder Pizza Co., which is a catering truck that serves Neapolitan-style wood-fired pizza and draft beer from their All-American custom fire truck.

Hook and Ladder is nothing like you or your guests have ever experienced. Great for family, corporate and community events of all sizes, including but not limited to birthday parties, concerts, corporate events, tailgating and even weddings.
